Normal City
www.janimes.com

What s ths ?
You Where s Mars ?

No ...
I can't use powers when being Gai.
I can only stay as Gai for about a week. So, I haven't really tried to develop Gai's abilities.
I
I some how
You Mars

Mars are you
Gai Son Heston ?
Sion,
How did
you ...

We will talk about that later Let's go out
I will get you some clothes Mars' clothes won't fit you now
"It will be classified
Son
Well, first I need to verify that you are really Mars When's my birthday ?
December 2nd
How much did I loan you in September last year ?

I did not !
Yes, you are right
Sion, how ...
When ... you came to us as Gai S Heston, I kind of figured out ...
I bel eve it was when I was 12
And it was dur ng when you were home due to your regualr s ckness
I captured some we rd l zard and wanted to show you
Your father was not home

I looked everywhere n your house and you were nowhere to be found Instead there was a boy wth black har
I was afra d to talk to the boy So I left wh le wonder ng who it was
Who m ght it be Who m ght it be I kept on wonder ng
Who m ght it be
After you returned I d dn't ask anyth ng even though I was cur ous
And then, when you were s ck aga n I went to your home and there was the boy aga n
Th s t me Mars father was g v ng h m a needle nject on

And boy was dropp ng tears sorrowly
At the same day, when I was n my bed
It just came to me that
The boy was Mars
I d dn't know why but I just accepted that you regualrly changed to a male for a short wh le
After that n ght I d dn't bother to wonder or even ask

The reason I kept my mouth shut about it was that I thought it might be better for no one else to know
Mars
Ha Ha
So who else knows ?
Jean too ?
Jean doesn't How I found out was a coincidence
Kane found out even before I told him. And now you know, too ?
So much for a secret.

Maybe everyone already knows Haha
Mars
So
Did you think I was miserable?
Is that why you became friendlier?
I remember that you suddenly became more caring about me at one point That must be when you figured the whole thing out right?
Yes yes you were always soft to me and cared like no one else would
Yes how thankful I am

Mars
So, you knew
Then have you
thought about it ?
Why does she change to a male regularly ? Does any human change their gender on a regular basis ?
Maybe you thought you were deal ng wth a monster
You must have fet pity from me r ght ?

www.jahmes.com

Don't be absurd ! Why do you always thnk negat vely ?
And I don't Ike how you really sound Ike Mars
Well ,you are really Mars after all
Son

www.janmes.com

That s the apartment
Someone who helped me when I turned male last t me I ves there Contact her f you want to reach me

Anyway may I g ve you an adv ce?
If you are plann ng to be with Mars n future, I suggest that you look after yourself
If you are you should keep a certa n d stance from her
can you see the future ?

Nope
Don't want a r de ?
Bye

I can't tell what future would be like
But when I close my eyes and look down I see mages
Images of people and th ngs and someth ng else
And the images become more v v d when Mars s near

This can be interesting and yet painful destiny Mars

What ? Son ?
You ran away from home again? Bad boy !
Call me Gai And I didn't run away
Well, that's what I think
I need a place to stay for a while May I stay here?
Oh sure sure stay as long as you want to

Why not go then?

www.janimes.com

Oh, no no no~
There are barely any green places left on Earth and even if you do want to go there, you have to be very r ch
Bes des it s not so easy to get a hold of a passport
Ahah I would just teleport if I were an esper
But I heard that most espers can only teleport a short d stance
I don't know
Sugar do you like espers?

Huh ? it s not
Ike I Ike and
d sHe them
it s the mmature
epsers who just

Mars
Mars ?

She is not there ?!
Marte
Weren't you supposed to look after them ?
Last night I told them not to go out
They've been quet lately So I didn't think she'd pull something like this
I will begin search right away
Don't tell me her disappearance has something to do with you ?
Like Dr Troll
That's an insult Kane!
I will find her!

No
We will find her
It is our issue
not yours
You are dismissed
Yes
So, the specmen
disappeared ?
And Martie
as of now you are
no longer their trainer

So you used chem cal to shorten her per od ?
Yes we were expecting the change today or so
Then she may have already changed and escaped
its normal per od was too long for observat on
We d dn't want to waste that much t me on a spec men that we do not know how long it m ght l ve for
I just hope it doesn't f nd out that we intent onally d d it
Anyway wouldn't it come back to change back to normal?
We w ll wait one day

They don't know appearance of Mars male vers on yet We have upper hand

Either transfer me to
another team and
let me solo !
I have things to do !
Oh, cute boy

Calm down, Isha
There may be good news soon So be patient a little more
How much s "a little" ?
Isha I know you are impudent but draw a line
You better behave yourself
I will see what I can do
Wasn't you the one who told me not to be afraid of anything in the world, Kane ?
Fine...

Sion, you know where Mars, is, don't you ?
Eh ?
Don't try to lie to me.
You shouldn't be calm at a time like this.
Where s she? What s up with her th s t me?
Jean
it s someth ng you cannot tell me ?

Sorry, Jean
The situation is
Ahah! Fine! you guys are going to handle this without me

Jean! It's not something
I am not needed anyway!
You are right of course! Yes, there must be a good reason for all the messes!
It's something that you can't tell me Then I'm going through without me
Don't worry! I won't butt in anymore!

reg strat on number?
I thought so You can't get a job legally wthout it
You should be st'll able to f nd jobs n n ght clubs and the l ke but the work condit on w ll be ser ously hostile

I've been thinking you don't know much about the common stuff
Are you from somewhere else? And are you here legally ?
Are you from the radioactive area ?
No I am not from radioactive area but yes I am here illegally
Hmm I don't know how you managed to enter this city but I guess this is fate
Don't worry I will find you a job
As long as you are not from the radioactive area I am fine
Oh yeah I know of a nice night club We will go there tonight
The master was hiring waiters
You have a cute face He will like you
Ha ?

www.janimes.com

Memorize these. You are my brother and your name is Sei Liz. Your registration number is R651016
Yes,
Don't worry about finger prints. Just make sure you answer those correctly.
Thanks, Sugar
You are do ng so much for a stranger who you ve seen only two t mes
Probably because of your eyes.
Yes?
Your eyes.
Your eyes tell me that you are exhausted and tired of life. I have really no idea how a young boy like yourself has such eyes. You must have had very tough life.
But your appearance and your eyes say the opposite .... Or that's what I felt
Well, so, I just wanted to help you out.

Stay n male form and cool down
Kane !
Kane !!
Damn!

Resentment of not having power so to speak
She can't use her powers in male form So she wants to go back
It seems that it's much more emotional in male form
It's not a good idea to turn her back now
She probably wants to revenge
Jason was right She's too young to control her powers
Besides we do not know what Mars is capable of So it's too risky to turn her back to her normal status
We will observe her for a while

Kane
What s it Bezel
I admit that I underest mated that ch ld
But why are you do attached to that spec men ?
Just hand it over to Dr Troll and we are done

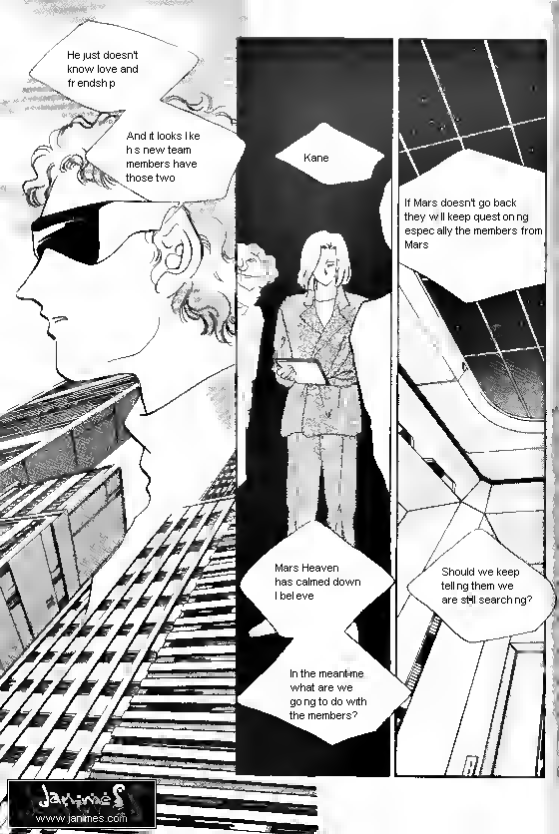
So, what is your answer ?
Ces I you do real ze that we are about to f nal-ze a bus ness deal r ght ?

We'd why am I hesitating ?
If I say yes now I will be a freeman
Then why ? Why am I hesitating when a chance is here ?
It's not like I like doing chores as an esper.
I can finally say good bye to the current cursed team
It's not like I've any attachment for the team.
Besides. I shouted at Kane that I hated the team Well. literally

Can you give me some time?
Your reason?
I thought you had your answer already
Yes, of course take as much time as you want, Isha~
Ces!
Right now, a member in my team is missing
I will give you my answer after the member is found and the team is back to normal
Well that sounds reasonable
Even though I am being a stupid fool now!

Say what?
Don't be fool sh now
What favor ?
It s personal
I just have one favor to ask
and the member s m ss ng
Ask ng Mars about the dream?
Yeah r ght
I am so be ng r d culous
Isha you seem to be n confus on after you met the new team
Obv ously I don't l ke them

You know, hate and love are divided by only a thin wall
Have you finally gone insane? Don't be ridculous!
Charlie it's amazing that you can write songs with that brain of yours! Bye!
You didn't have to bring up that
Are you attached to the current member somehow?
What now?
Well I guess that's Isha But why she pissed off?
And why did you two use stairs instead of elevator?
That's how Isha expresses everything He doesn't know any other way
Yeah he's not soft at all
Kinda makes me wonder how he can sing blues



He just doesn't know love and fr endsh p
And it looks l ke h s new team members have those two
Kane
If Mars doesn't go back they w ll keep quest on ng espec ally the members from Mars
Mars Heaven has calmed down I bel eve
In the meant me what are we go ng to do w th the members?
Should we keep tell ng them we are st ll search ng?

Due to Mars' absence, this team will be disbanded
What ?
No, we will assign different tasks to each of them
Each of you will be assigned to different places and execute different tasks

Wait ! Are you going to seperate us ?
None sense ! We've been together ever since we were born !
You can't do this !
Where is Mars ?
You did something to her ! didn't you
Behave yourself, Son Revy !
Have you forgotten that you have to obey our orders ?
Don't order me, you bastard !

You bitch -

Hey ! Stop !
They are espers !
So what? If they use power against us...it will be them who will be severely punished !
Oh yeah ? You will see

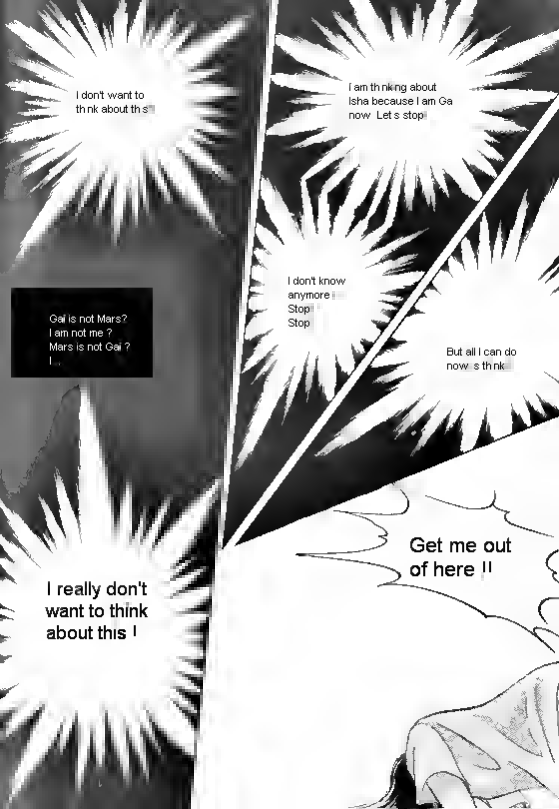
I wanted to be comforted
I just want someone who I can lean on my tired shoulders
It doesn't matter whether I am Mars or Ga
"I will protect you

... I doubt I can do that in real though...
Actually he is like my childhood friend
We've been seeing each other in dreams for such a long time
It was only recent that we began rather close relationship
I wonder though Why does he keep appearing in dreams?
Am I thinking about him because I am Gai now ?
Wait!
No I don't want to think aboit him
Stop
Then ... who has been thinking aboit him is not me, but Gai ?
Stop !
Does that mean this is not me ?
No !



I don't want to think about this !
I am thinking about Isha because I am Ga now Let's stop!
Gal is not Mars? I am not me ? Mars is not Gal ? I...
I don't know anymore ! Stop! Stop!
But all I can do now : s think
Get me out of here !!
I really don't want to think about this !

Disbanded ?
Yeah , that s what you wanted so bad sn't it ?
How about Mars ? Did they find her?
Why do you care ? it s none of your business All you wanted s get this team disbanded
Act like you and be happy! Dance ! Don't pretend to be worried about Mars!

Why are you venting your anger on me ?
Because you are asking what you wouldn't ask !
Your feelings about Mars s really strange Are you normal ?
Oh, damn!!
I didn't mean to say that
eh
Have you had a very close friend?

What?
Neverm nd It has nothi ng to do with you
Ahah yeah! R ght!! It s none of my bus ness
D sbanded huh? It s t me to celebrate
but It looks l ke I have to celebrate alone!
Damn it
Your feel ngs about Mars s really strange
You go ahead and take care of your fr endsh p!
Are you normal ?

I sometimes am so not sure
If I didn't see Mars another side at that time
I wonder if I would be still caring about Mars now
When I look at him
Just

It should have been named Chaos
Don't you think so, Missel.
It's not a male, and a female
it may have an appearance of a human being but it is not a human it has powers but in exchange it has unstable mind
A being that was produced from parts of many different people Should it be treated as a human being? Haha
Just because it breathes thinks and looks like a human..it does not mean it's a human

He f red Mark
That means he s
up for someth ng
Does he really th nk
that w ll work ?
Wherever he
conf ned it
it must be st ll
n the fac lity
Accord ng to the
report it has turned
male and cannot
use powers now
Th s s the perfect
time to take it back

Order the Medusa and get it back to me, Missel.
Yes, Sir !

I've been assigned to a small island
So at least, you will still remain in the Normal City
Good bye Isha One day we may meet again
I am going to my room
Good bye... Jean

That s what I dreamed too

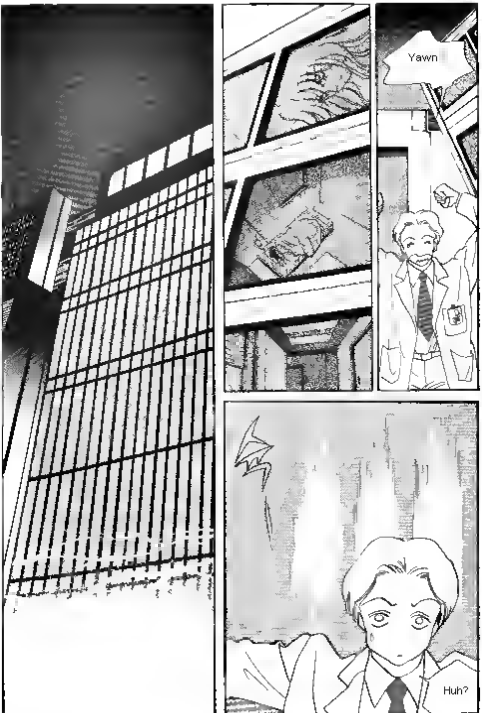
because
We have a b g troublemaker
Am I be ng just a stubborn k d ?
A b g t me troublemaker but a fr end
Don't worry You w ll see Mars soon I hope

Farewell, Son
You sound like you are going to a war, Jean
We've been in a war ever since we left Mars
Don't give me a send off
So, this is it
Yeah
Call me when you settle down
Yeah
Take care of yourself, Son

My ability is too weak to be certain.
But your future seems to be very dark, Sion ...
But I am not certain ...
I hope doing this will help you.
Jean s gone
Mars s no where to be found
I have no one to look after
What do I do now ?



Yawn

www.janinnes.com

Well there goes my sleep for tonight My head s a mess I am going to get a drink
Aren't you going to sleep ?
I am looking at Mars It s a dot from here though

Sorry about before
What s wrong with you ?
Probably because we won't stay in th s apartment for long Either of us will leave
To be honest I am not good at relat onsh p and emot ons
All I do s yell and get p ssed off for no reason
I feel sorry for what happened to you and your fr ends
Have you seen a person who has two d fferent faces?

What ?
two d fferent ? how so ?
I d dn't know
but it seems I am a depedent person
Everyone s dependent to a degree
I feel so down
I don't know
Let s just forget it it s compl cated stuff
Even if you keep rem nd ng yourself that you are alone, you st ll want someone by your s de
it was just words that came to me
Hey..., I didn't know we could get along.
Hmmph,

Medusa made a move ?
From Sweeo
It seems so I don't know why though
It has noth ng to do with us doesn't it ?
It seems M ssel made Medusa move
Where d d you hear that though ?
I really don't know why though
Is that why

Mars Heaven is gone ?!
security cameras were destroyed
And 5 people including one scientist were killed
They died of brain shock its espers work
Esper Dr Troll
yes?
Check every camera film
There may be some clues
What were the guards doing ?!

Venus !
Kkya~

D d you come here

I thought you
d dn't l ke here
Hello

What do you mean by that ?
Your owner Your creator Dr Troll would like to see you
Change into that dress over there and I will take you to Dr Troll
Dr. Troll ... ?
Owner ... ?

Why do I have to dress something like that ?
For whom ?
I was skeptical but I see You are really a cat aren't you
Looks like Jason failed to raise you properly
Don't talk to me about gender related stuff
I don't want to hear about it
Hmmph so, this Dr. Troll made me huh ?
Fine.. I wanted to see the guy anyway Lead me to him

Ah
Telekness!
She's an
esper
a quite powerful
one too
You ...
Eh ... ?

D d you underest mate your creator Mars Heaven ?
D d you really th nk you could use your powers ?
I was easy on you s nce th s s the f rst t me But I won't guarantee next time
No way

Yeah, I should have known. You would never come to see me.
I refuse to talk. Get out.
It was nothing big.
Is that why you came here early in the morning?
Are you saying truth, Paet ?
Yeah
Ok. I am leaving then
Eh ?
www.janimes.com

Wait
Is that really why you came here ?
Of course not I came to see you Paet
Do you th nk I am ly ng ?
Sorry Venus
You barely come here And all you were talking about was that
Unless Dr Troll calls me.. I have no bus ness here

I bet you wouldn't come even if he calls you
Well Dr Troll will be busy for a while
Because he took Mars Heaven back?
So you knew
It was easy to guess
So where is she now?
I don't know Missel is in charge
Do you know Mars Heaven personally ?
Hmm

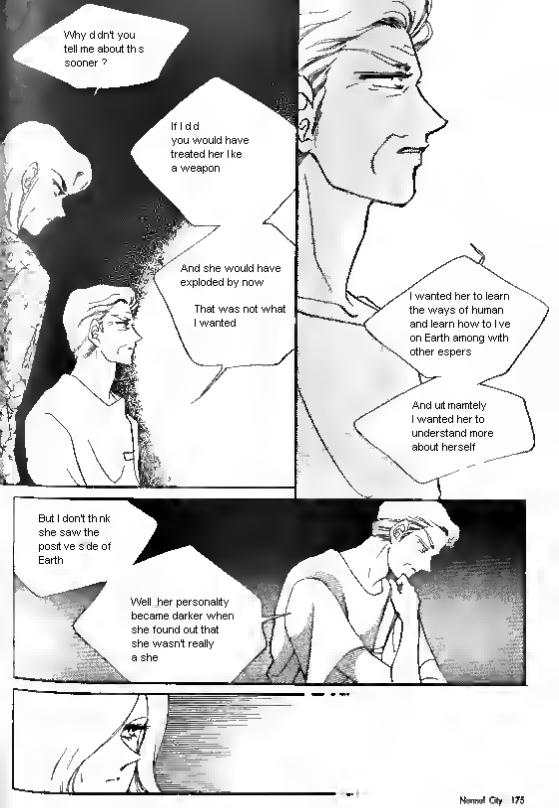
I just know her a little
Venus
Don't do anyth ng that w ll draw Dr s attent on
It won't do any good for you
Me ?
No way would I do anyth ng I ke that

www.janines.com

As you requested, here 's a photo of Mars N 19 area
What was it you wanted to talk about Jason Heaven ?
see that canal ?
Don't you th nk that one looks un que compared to others ?
Yes, and our sc ent sts gave explanat ons for that

They said that canal was different from any other canals on Mars.
They said it must have been a different kind of asteroid that our radar didn't pick up.
Would you believe that was done by a mere human being?
Are you implying that it was done by Mars Heaven ?

What happened ?
That s not important What is important is that she s capable of doing such
That s why you shouldn't treat her like tools and address her "it"
After the incident she s scared of herself and tries not to overuse her powers
But if she loses her self control you don't know what will happen



Why d dn't you tell me about th s sooner ?
If I d d you would have treated her l ke a weapon
And she would have exploded by now
That was not what I wanted
I wanted her to learn the ways of human and learn how to l ve on Earth among wth other espers
And ut mamtely I wanted her to understand more about herself
But I don't th nk she saw the posit ve s de of Earth
Well her personality became darker when she found out that she wasn't really a she

I want to ask you something
Why did you take Mars Heaven from Dr. Troll?
Haha ... how should I answer this ..
Haha ...
Hahaha ....
D d you want to study her by yourself ?
Release Jason Heaven and restore h s doctor status Add h m to the Mars project
Yes s r

Ah And Mex wants to set up a meeting with you
Mex ?
What does a civilian company want from me ?
it seems they want to free Isha Green
I've rejected the meeting But they kept on saying that they want to talk to you directly Should I reject that too ?
I wonder what Mex has to do with Isha Green though
So, Mex is moving ? Looks like Isha has a talent ....
www.jaimes.com

Anyway
If what Jason s say ng
s true I have to get
Mars Heaven back from
Dr Troll soon
Dr Troll must know
very well about
Mars Heaven
Just g v ng you
a rem nder
Do not act rude

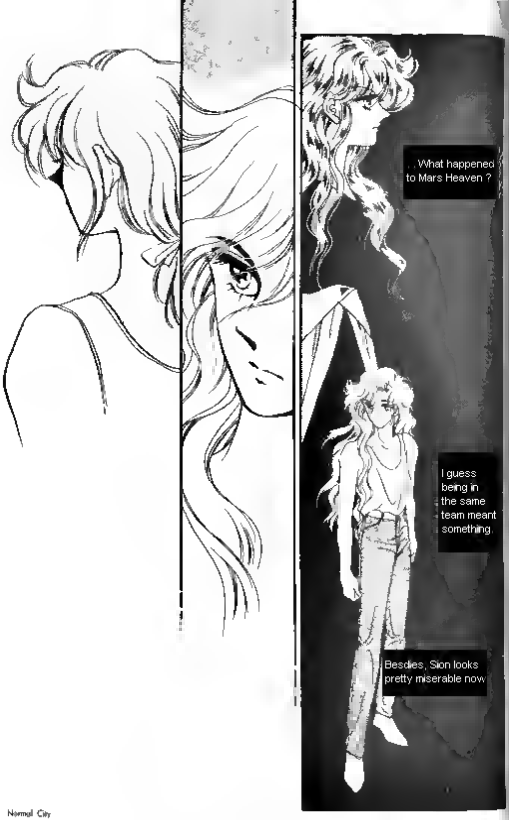
Isha

Who is that girl?
She said something about administration
You did something wrong?
Looks like I am going to be a freeman soon
That's good news
But you don't seem to be pleased
...It's going way too easy and fast ... I've worked years for this.
Maybe, that's why.
I don't feel like I've done enough to be a freeman yet.

I don't know the full story but it's good news
Your dream s com ng true You sa d you wanted to do someth ng as a freeman
Congratulat ons !
What ?
What was wth that fr endly sm le ?
th rsty
she s go ng to be all alone when I leave
Well she s go ng to meet another team But st ll

www.jaimes.com



...What happened to Mars Heaven ?
I guess being in the same team meant something.
Besdies, Sion looks pretty miserable now.

Papa, s it true that Earth has blue sky?
Of course d dn't you learn at school?
I d d but I can't imag ne Blue sky blue sky
I wonder how it w ll feel l ke to be under blue sky
Even though I watched the blue sky on TV I feel l ke it s edited mages
Papa Will people on Earth be surpr sed to see sky of Mars?
On Earth the sky somet mes becomes brown n even ng
So they won't be very surpr sed

I will show you one day
It sometimes does look deep red from distance
And there is sky that is so blue Just like your mother s r s
Very deep blue

Janimes
www.janimes.com

How are you feel ng today Mars Heaven Do you st ll have strength to speak?
I am fine. I am glad I am on diet.
All I did when I was confined by Kane was eat.
Interest ng old man. Does he see human be ngs as slaves?
Not g v ng food to torture? How funny
I w ll d e n one day.
<- the author

It s the oldest way of torture But your pun shment was supposed to last 3 days And it s 4th day
You may eat
Still funny?
Why don't you be cooperat ve? It will do you no good if you res st
Yes it s very funny ndeed
This s what was waiting for me on Earth
So now what ?

Your name is Missel right ?
Were you produced like me ?
I have no reason to answer your question But I am not like you
Do you think you are a human ?
Of course
Do you think I am a human ?

와장창
I don't need food

That s some personality
Are you go ng to keep watch ng Kit ?
No
NO
That s unusual for h m to have an nterest on a spec men
He usually doesn't even l ke to look at spec men
Hmmph
Maybe because she s the same k nd of he s

Jason has ra sed it to be very hard to deal with
The drug w ll only last a month
it w ll grow mmunity to the drug as time passes
If it has no intention to obey, I have no intention to let it live.
I am not about to let Kane have it.
If it doesn't change its attitude within a month,
Order Medusa to kill it

Jaxines
www.jaxines.com

Sir, I don't think Mars is
Kitty 101 !
I am sorry
I don't think Kitty 101 is the kind of type that can be forced to obey
I think you need to give her logical reasons and make her understand that being cooperative will give her benefit
Are you saying I have to lower my position and make deal with my creation ?
I am its creator !
Stay outside Marie
I need to talk to him in private
Ok
What's it Missel

Sir are you really going to destroy Kitty 101 ?
If it doesn't obey, I have no intention to let it live
Then I don't think Kitty 101 has hopes
Besides it has no intention to live
But I do believe that we need Kitty 101 I am sure you do
Besides the project between Kitty 101 and Venus hasn't even started
Unless you are just going to destroy Kitty 101 let me try
Would you put me in charge of handling Kitty 101 completely?
